

HMO's, managed care, or high deductible insurance policies, they will have that choice.

The important thing to note is this: They will choose, not a bureaucrat, not a politician in power; they will choose.

REPUBLICANS AND DEMOCRATS CAN WORK IT OUT

(Mr. TRAFICANT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Mr. Speaker, news reports say that John Wayne Bobbitt, bearing roses and chocolates, went courting the same woman who tried to steal his family jewels once before. That is right. The same news sources say that ex-wife Lorena says, I quote, "As far as I am concerned, this matter is cut and dried."

Mr. Speaker, the reports say John Bobbitt is not discouraged. He said he will try again. Now, think about this. If the Bobbitts, John Bobbitt specifically, can set his pride aside on the side of the road and try and resolve differences, Democrats and Republicans can work out what differences exist with Medicare. Think about it. In fact, if this couple can resolve their differences, all of America can work out our problems. With that, Mr. Speaker, I yield back the balance of any outstanding matter in this 1-minute.

CONFERENCE REPORT ON H.R. 1976, AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG ADMINISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 1996

Mr. LINDER. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 235 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 235

Resolved, That upon adoption of this resolution it shall be in order to consider the conference report to accompany the bill (H.R. 1976) making appropriations for Agriculture, Rural Development, Food and Drug Administration, and Related Agencies programs for the fiscal year ending September 30, 1996, and for other purposes. All points of order against the conference report and against its consideration are waived. The conference report shall be considered as read.

The SPEAKER pro tempore. The gentleman from Georgia [Mr. LINDER] is recognized for 1 hour.

Mr. LINDER. Mr. Speaker, for the purpose of debate only, I yield the cus-

tomary 30 minutes to the gentleman from Ohio [Mr. HALL], pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, House Resolution 235 is a simple resolution providing for consideration of the conference report making appropriations for the Department of Agriculture, rural development, the Food and Drug Administration, and related agencies for fiscal year 1996. House Resolution 235 waives all points of order against the conference report and against its consideration. I am pleased that the rule was unanimously approved by the Rules Committee.

This was a productive conference and it is important to note that the conference report provides a total of \$63.2 billion, which is \$4.8 billion less than was appropriated last year. The conference report is also \$3.3 billion lower than the amount requested by the Clinton administration, and \$630 million lower than the Senate-passed bill.

It is clear that the appropriators have to balance an assortment of concerns and make difficult choices with limited funding at their disposal this year. I want to recognize Chairman BOB LIVINGSTON and Subcommittee Chairman JOE SKEEN for their efforts to keep the appropriations language as close as possible to the provisions included in the original House bill during the conference with the Senate.

The product of their work under extraordinarily tight fiscal constraints will help guarantee that the available funding is spent where it is needed most.

Among the notable appropriations and provisions in the conference report is funding for rural water and waste disposal grants and loan, funding for conservation programs to sustain agricultural productivity, the retention of a provision prohibiting the use of Market Promotion Program funds by the milk industry, and the establishment of priorities for the women, infants and children nutrition program. While the conference report makes its contribution to balance the budget and continue the consolidation of the Department of Agriculture, this bill also effectively maintains functions that are crucial to the health and safety of the American consumer and to the future success of this Nation's farming communities.

I am encouraged to note that the Clinton administration has indicated that it is supportive of this bill. In light of this support, I hope that the President will sign it. I urge my colleagues to support the rule so that we may proceed with debate and consideration of the underlying legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. HALL. Mr. Speaker, I yield myself such time as I may consume.

(Mr. HALL of Ohio asked and was given permission to revise and extend his remarks.)
